	(a) Is the Property within, partially within, or adjacent to any property zoned or identified on an approved county land use plan as agricultural or forestryuse?		✓
	(b) Is the Property receiving preferential tax treatment as an agricultural property?		\

It is the policy of this state and this community to conserve, protect, and encourage the development and improvement of farm and forest land for the production of food, fiber, and other products, and also for its natural and environmental value. This notice is to inform prospective property owners or other persons or entities leasing or acquiring an interest in real property that property in which they are about to acquire an interest lies within, partially within, or adjacent to an area zoned, used, or identified for farm and forest activities and that farm and forest activities occur in the area. Such farm and forest activities may include intensive operations that cause discomfort and inconveniences that involve, but are not limited to, noises, odors, fumes, dust, smoke, insects, operations of machinery during any 24-hour period, storage and disposal of manure, and the application by spraying or otherwise of chemical fertilizers, soil amendments, herbicides, and pesticides. One or more of these inconveniences may occur as the result of farm or forest activities which are in conformance with existing laws and regulations and accepted customs and standards.

AGRICULTURAL	DISCLOSURE: This property has previously been in the Georgia Land Conservation Program (CUVA) and is being removed from said program effective October 2023.

D. FIXTURES CH	

Directions on HOW TO USE: It is often unclear what constitutes a fixture which remains with the Property versus personal property which does not remain with the Property. To avoid disputes, Seller shall have the right to remove all items on the checklist below that are left blank. THE ITEMS ON THE CHECKLIST BELOW THAT ARE CHECKED OR MARKED SHALL REMAIN WITH THE PROPERTY. All items remaining with Property shall include remotes and/or all accessories necessary for use. Unless otherwise indicated, if an item is left blank, the Seller may remove all of that item from the Property. For example, if "Refrigerator" is left blank, Seller may remove all Refrigerators on the Property. This checklist is intended to supersede the common law of fixtures with regard to the items below. The common law of fixtures shall apply to all items not on this checklist. Seller shall remove all items left blank below prior to closing or the transfer of possession, whichever is later. Seller shall lose the right to remove those items not timely removed but shall remain liable for the cost of Buyer having to dispose of such items provided that Buyer disposes of them within 30 days after Closing. In removing items, Seller shall use reasonable care to prevent and repair damage to the area where the item was removed.

Items identified as remaining with the Property shall mean those specific items as they existed in the Property as of the Offer Date. No such item shall be removed from the Property unless it is broken or destroyed. In the event such item is removed, it shall be replaced with a substantially identical item, if reasonably available. If not reasonably available, it shall be replaced with a substantially similar item of equal quality and value, or better. The same or newer model of the item being replaced in the same color and size and with the same functions or better shall be considered substantially identical. Once the Seller's Property is under contract, the items that may be removed and taken by the Seller, as reflected in this Seller's Property Disclosure Statement, may only be amended with the written consent of the Buyer of the Property. This section entitled "Fixtures Checklist" shall survive Closing
